AWARDS OF THE LYELL MEDAL

UNDER THE CONDITIONS OF THE

'LYELL GEOLOGICAL FUND,'

ESTABLISHED UNDER THE WILL AND CODICIL OF THE LATE

SIR CHARLES LYELL, Bart., F.R.S., F.G.S.

The Medal 'to be cast in bronze and to be given annually' (or from time to time) 'as a mark of honorary distinction and as an expression on the part of the governing body of the Society that the Medallist (who may be of any country or either sex) has deserved well of the Science,'—'not less than one third of the annual interest [of the fund] to accompany the Medal, the remaining interest to be given in one or more portions, at the discretion of the Council, for the encouragement of Geology or of any of the allied sciences by which they shall consider Geology to have been most materially advanced, either for travelling expenses or for a memoir or paper published, or in progress, and without reference to the sex or nationality of the author, or the language in which any such memoir or paper may be written.'

There is a further provision for suspending the award for one year, and in such case for the awarding of a Medal to 'each of two persons who have been jointly engaged in the same exploration in the same country, or perhaps on allied subjects in different countries, the proportion of interest always not being less to each Medal than one third of the annual interest.'

A

TOPOGRAPHICAL INDEX

TO

THE FELLOWS

OF THE

GEOLOGICAL SOCIETY OF LONDON,

Resident in the Country or Abroad.

[CORRECTED TO MAY 9TH, 1910.]

NOTE.

The following Index is intended to form a Supplement to the ordinary Alphabetical List, by means of which the name of every Fellow residing in any part of the world may be ascertained at a glance.

To facilitate reference, the aim has been to group, in each county, the various localities around their respective post-towns. Names of streets and houses have been omitted; but those of parishes and more distant estates have been inserted whenever it appeared requisite. The only inconvenience attending the adoption of this rule will be found in the very few instances where the residence of a Fellow is situated in one county and his post-town in another.

Much difficulty has been experienced in the preparation of the Index, in consequence of the incomplete and inaccurate descriptions frequently given. The attention of Fellows is therefore again directed to the request of the Council, that all changes of residence should be immediately communicated to the Secretary.

AWARDS OF THE LYELL MEDAL

UNDER THE CONDITIONS OF THE

'LYELL GEOLOGICAL FUND,'

ESTABLISHED UNDER THE WILL AND CODICIL OF

SIR CHARLES LYELL, Bart., F.R.S., F.G.S.

The Medal 'to be cast in bronze and to be given annually' (or from time to time) 'as a mark of honorary distinction and as an expression on the part of the governing body of the Society that the Medallist (who may be of any country or either sex) has deserved well of the Science,'—'not less than one third of the annual interest [of the fund] to accompany the Medal, the remaining interest to be given in one or more portions, at the discretion of the Council, for the encouragement of Geology or of any of the allied sciences by which they shall consider Geology to have been most materially advanced, either for travelling expenses or for a memoir or paper published, or in progress, and without reference to the sex or nationality of the author, or the language in which any such memoir or paper may be written.'

There is a further provision for suspending the award for one year, and in such case for the awarding of a Medal to 'each of two persons who have been jointly engaged in the same exploration in the same country, or perhaps on allied subjects in different countries, the proportion of interest always not being less to each Medal than one third of the annual interest.'

A

TOPOGRAPHICAL INDEX

TO

THE FELLOWS

OF THE

GEOLOGICAL SOCIETY OF LONDON,

Resident in the Country or Abroad.

[CORRECTED TO MARCH 17TH, 1911.]

NOTE.

The following Index is intended to form a Supplement to the ordinary Alphabetical List, by means of which the name of every Fellow residing in any part of the world may be ascertained at a glance.

To facilitate reference, the aim has been to group, in each county, the various localities around their respective post-towns. Names of streets and houses have been omitted; but those of parishes and more distant estates have been inserted whenever it appeared requisite. The only inconvenience attending the adoption of this rule will be found in the very few instances where the residence of a Fellow is situated in one county and his post-town in another.

Much difficulty has been experienced in the preparation of the Index, in consequence of the incomplete and inaccurate descriptions frequently given. The attention of Fellows is therefore again directed to the request of the Council, that all changes of residence should be immediately communicated to the Secretary.

AWARDS OF THE LYELL MEDAL

UNDER THE CONDITIONS OF THE

'LYELL GEOLOGICAL FUND,'

ESTABLISHED UNDER THE WILL AND CODICIL OF THE LATE

SIR CHARLES LYELL, Bart., F.R.S., F.G.S.

The Medal 'to be cast in bronze and to be given annually' (or from time to time) 'as a mark of honorary distinction and as an expression on the part of the governing body of the Society that the Medallist (who may be of any country or either sex) has deserved well of the Science,'—'not less than one third of the annual interest [of the fund] to accompany the Medal, the remaining interest to be given in one or more portions, at the discretion of the Council, for the encouragement of Geology or of any of the allied sciences by which they shall consider Geology to have been most materially advanced, either for travelling expenses or for a memoir or paper published, or in progress, and without reference to the sex or nationality of the author, or the language in which any such memoir or paper may be written.'

There is a further provision for suspending the award for one year, and in such case for the awarding of a Medal to 'each of two persons who have been jointly engaged in the same exploration in the same country, or perhaps on allied subjects in different countries, the proportion of interest always not being less to each Medal than one third of the annual interest.'

A

TOPOGRAPHICAL INDEX

TO

THE FELLOWS

OF THE

GEOLOGICAL SOCIETY OF LONDON,

Resident in the Country or Abroad.

[CORRECTED TO APRIL 11TH, 1912.]

NOTE.

The following Index is intended to form a Supplement to the ordinary Alphabetical List, by means of which the name of every Fellow residing in any part of the world may be ascertained at a glance.

Much difficulty has been experienced in the preparation of the Index in consequence of the incomplete and inaccurate descriptions frequently given. The attention of Fellows is therefore again directed to the request of the Council, that all changes of residence should be immediately communicated to the Secretary.

AWARDS OF THE LYELL MEDAL

UNDER THE CONDITIONS OF THE

'LYELL GEOLOGICAL FUND,'

ESTABLISHED UNDER THE WILL AND CODICIL OF THE LATE

SIR CHARLES LYELL, Bart., F.R.S., F.G.S.

The Medal 'to be cast in bronze and to be given annually' (or from time to time) 'as a mark of honorary distinction and as an expression on the part of the governing body of the Society that the Medallist (who may be of any country or either sex) has deserved well of the Science,'—'not less than one third of the annual interest [of the fund] to accompany the Medal, the remaining interest to be given in one or more portions, at the discretion of the Council, for the encouragement of Geology or of any of the allied sciences by which they shall consider Geology to have been most materially advanced, either for travelling expenses or for a memoir or paper published, or in progress, and without reference to the sex or nationality of the author, or the language in which any such memoir or paper may be written.'

There is a further provision for suspending the award for one year, and in such case for the awarding of a Medal to 'each of two persons who have been jointly engaged in the same exploration in the same country, or perhaps on allied subjects in different countries, the proportion of interest always not being less to each Medal than one third of the annual interest.'

A

TOPOGRAPHICAL INDEX

TO

THE FELLOWS

OF THE

GEOLOGICAL SOCIETY OF LONDON,

Resident in the Country or Abroad

[CORRECTED TO APRIL 23RD, 1913]

NOTE.

The following Index is intended to form a Supplement to the ordinary Alphabetical List, by means of which the name of every Fellow residing in any part of the world may be ascertained at a glance.

Much difficulty has been experienced in the preparation of the Index, in consequence of the incomplete and inaccurate descriptions frequently given. The attention of Fellows is therefore again directed to the request of the Council, that all changes of residence should be immediately communicated to the Assistant Clerk.

AWARDS OF THE LYELL MEDAL

UNDER THE CONDITIONS OF THE

'LYELL GEOLOGICAL FUND,'

ESTABLISHED UNDER THE WILL AND CODICIL OF THE LATE

SIR CHARLES LYELL, Bart., F.R.S., F.G.S.

The Medal 'to be cast in bronze and to be given annually' (or from time to time) 'as a mark of honorary distinction and as an expression on the part of the governing body of the Society that the Medallist (who may be of any country or either sex) has deserved well of the Science,'—'not less than one third of the annual interest [of the fund] to accompany the Medal, the remaining interest to be given in one or more portions, at the discretion of the Council, for the encouragement of Geology or of any of the allied sciences by which they shall consider Geology to have been most materially advanced, either for travelling expenses or for a memoir or paper published, or in progress, and without reference to the sex or nationality of the author, or the language in which any such memoir or paper may be written.'

There is a further provision for suspending the award for one year, and in such case for the awarding of a Medal to 'each of two persons who have been jointly engaged in the same exploration in the same country, or perhaps on allied subjects in different countries, the proportion of interest always not being less to each Medal than one third of the annual interest.'

TOPOGRAPHICAL INDEX

TO

THE FELLOWS

OF THE

GEOLOGICAL SOCIETY OF LONDON.

[CORRECTED TO JUNE 19TH, 1914.]

NOTE.

The following Index is intended to form a Supplement to the ordinary Alphabetical List, by means of which the name of every Fellow residing in any part of the world may be ascertained at a glance.

Much difficulty has been experienced in the preparation of the Index, in consequence of the incomplete and inaccurate descriptions frequently given. The attention of Fellows is therefore again directed to the request of the Council, that all changes of residence should be immediately communicated to the Assistant Clerk.

AWARDS OF THE LYELL MEDAL

UNDER THE CONDITIONS OF THE

'LYELL GEOLOGICAL FUND,'

ESTABLISHED UNDER THE WILL AND CODICIL OF THE LATE

SIR CHARLES LYELL, Bart., F.R.S., F.G.S.

The Medal 'to be cast in bronze and to be given annually' (or from time to time) 'as a mark of honorary distinction and as an expression on the part of the governing body of the Society that the Medallist (who may be of any country or either sex) has deserved well of the Science,'—'not less than one third of the annual interest [of the fund] to accompany the Medal, the remaining interest to be given in one or more portions, at the discretion of the Council, for the encouragement of Geology or of any of the allied sciences by which they shall consider Geology to have been most materially advanced, either for travelling expenses or for a memoir or paper published, or in progress, and without reference to the sex or nationality of the author, or the language in which any such memoir or paper may be written.'

There is a further provision for suspending the award for one year, and in such case for the awarding of a Medal to 'each of two persons who have been jointly engaged in the same exploration in the same country, or perhaps on allied subjects in different countries, the proportion of interest always not being less to each Medal than one third of the annual interest.'

A

TOPOGRAPHICAL INDEX

TO

THE FELLOWS

OF THE

GEOLOGICAL SOCIETY OF LONDON.

[CORRECTED TO JUNE 30TH, 1916.]

NOTE.

The following Index is intended to form a Supplement to the ordinary Alphabetical List, by means of which the name of every Fellow residing in any part of the world may be ascertained at a glance.

Much difficulty has been experienced in the preparation of the Index, in consequence of the incomplete and inaccurate descriptions frequently given. The attention of Fellows is therefore again directed to the request of the Council, that all changes of residence should be immediately communicated to the Clerk.
